## A very warm welcome to Broome...

Welcome to Broome, where the outback meets the ocean in a tropical paradise unlike any other. Renowned for its iconic Cable Beach sunsets, ancient dinosaur footprints, massive tidal movements, and the natural wonder of the Staircase to the Moon, Broome offers unforgettable experiences. Immerse yourself in the town's rich history, from its pearl-diving heritage to the culture and traditions of the Yawuru people. Relax with fresh seafood, explore vibrant markets, or take a scenic flight to the breathtaking Horizontal Falls. With its laid-back charm and stunning landscapes, Broome is your perfect destination and gateway to the Kimberleys. Stay, explore, and enjoy this unique destination!

## Discover the Dampier Peninsula

Just north of Broome lies the stunning Dampier Peninsula, a haven of natural beauty and rich cultural heritage. Still the "Kimberley's Best Kept Secret," this remote paradise boasts pristine beaches, turquoise waters, and striking red cliffs. Discover the vibrant Aboriginal communities, where you can learn about ancient traditions, try bush tucker, or witness the age old Riji Art. Visit Cygnet Bay Pearl Farm, Australia's oldest operating pearl farm, or unwind at Cape Leveque's serene beaches. Whether you're fishing, camping, or immersing yourself in Indigenous culture, the Dampier Peninsula offers an unforgettable adventure in one of Western Australia's most breathtaking regions.

## Please, Look before you Book!

When planning your Broome adventure, booking directly with local businesses ensures your money supports the community. Many online platforms charge high commissions, meaning less revenue stays in the region. By booking accommodation, tours, or activities directly, you'll often enjoy better customer service, exclusive offers, and peace of mind knowing you're helping local operators thrive. Visit trusted websites like Destination Broome to find verified options and make bookings hassle-free. Together, we can keep Broome's economy strong while you enjoy the holiday of a lifetime. So, before you book, take a moment to look. Look Local – it makes all the difference!

## Eating Out in Broome

Broome's vibrant dining scene is a feast for the senses, reflecting the town's multicultural heritage and tropical location. Fresh seafood is a highlight – don't miss barramundi, mud crab, or local pearl meat. From beachfront cafes at Cable Beach to the lively restaurants in Chinatown, there's something for every taste. Enjoy Asian-inspired flavors, bush tucker delicacies, or sip a locally brewed mango beer under the stars. Food trucks and night markets offer quick, delicious bites, while fine dining options showcase the best of Broome's fresh, seasonal produce. Eating out in Broome is more than a meal – it's a celebration of flavours and culture.

## Discover Broome's Vibrant Markets

The Broome Courthouse Markets are a must, held year-round every Saturday and Sunday mornings, April to October, in the lush grounds and surrounds of the historic Broome Courthouse on the outskirts of Chinatown. Explore local art, crafts, jewellery, fashion, fresh produce, and delicious food stalls that capture Broome's vibrant community spirit and eclectic cultural mix. 8am-1pm

Don't miss the Staircase to the Moon Night Markets, held at Town Beach during full moon evening from March to October. This market coincides with the natural phenomenon of the "Staircase to the Moon," offering unique handmade items, tasty treats, and live entertainment. 4-8pm

Finally, Thursday Night Town Beach Markets, April to October, at Town Beach, offering unique handmade items, tasty treats, and live entertainment. 4-8pm.

An unforgettable natural phenomenon occurring from March to October each year. Spawned from the brilliant amber glow on the horizon of the slowly rising full moon as its beam reflects across the recently exposed wet rippled tidal flats on ebb of Broome's massive Spring tides. The combination and timing of these two natural events creates an optical illusion of a widening golden staircase that leads all the way from Town Beach foreshore to the moon.

## Exploring the West Kimberley

The West Kimberley is a land of dramatic landscapes, ancient history, and unforgettable adventures. From Broome, venture into this rugged region to discover natural wonders like Windjana Gorge, where towering cliffs reveal fossils from an ancient Devonian reef. Explore Tunnel Creek, an underground river system steeped in both beauty and history. The nearby Fitzroy River offers scenic boat tours, while Geikie Gorge dazzles with its unique rock formations. Immerse yourself in the culture of the region's Indigenous communities, whose connection to the land spans tens of thousands of years. The West Kimberley is a true wilderness waiting to be explored.

## Horizontal Falls: Australia's most unusual natural wonder

The breathtaking Horizontal Falls, located in the Buccaneer Archipelago, has become one of the Kimberley's most iconic attractions. These unique tidal waterfalls, created by powerful ocean currents and massive tides rushing through narrow gorges, have offered an exhilarating wilderness adventure with seaplane arrival in Talbot Bay, lunch and refreshments on a floating oasis culminating in a thrilling fast boat pass through falls since the late 1990's.

However, due to increasing environmental concerns, restrictions on traversing through the falls are now set to take effect commencing 2026, until ceasing completely at the end of the 2028 season. Visitors will still then be able to experience the Horizontal Falls beauty and power from scenic flights and newly created experiences ensuring this natural wonder is preserved for future generations. But there will be no more fast boat traversing through the gap after 2028, so there are only a few years left to experience the sheer thrill of Horizontal Falls before these changes take place. Check our tide chart for the tidal range around your tour day and time.

## Broome's Best Kept Secret:

### Exploring Dampier Peninsula's Cape Leveque Road

For those with a sense of adventure and an appreciation for unspoiled natural beauty, the Cape Leveque Road offers a journey into the heart of Western Australia's rugged Dampier Peninsula. Once a challenging off-road route, this 205-kilometre road is now fully sealed, providing a smoother and quieter ride to explore this remote region. However, the true allure lies in the pindan dirt tracks that branch off along the way, leading to unspoiled secluded bays, pristine beaches, and cultural communities and treasures.

#### Preparing for the Adventure

... Before setting off on this epic experience, there are a few essential rules to keep in mind. A 4WD vehicle is highly recommended, as many of the dirt tracks are unsuitable for standard cars. Travel is only permitted on designated roads, and free camping is prohibited, so be sure to book accommodation or campsites in advance. Take photos, leave footprints, and capture memories.

**Wildlife and Scenery Along the Road...** The first hour of the drive is an uninterrupted stretch of bitumen, where the vibrant red pindan dirt contrasts strikingly with the native flora. Be vigilant for roaming cattle and donkeys, as well as wildlife like wallabies, dingoes, goannas, and lizards. Bird enthusiasts will delight in spotting brolgas, hawks, osprey, eagles, and another 300+ species of birds. The Cape Leveque Road isn't just a path to your destination – it's a wildlife corridor offering glimpses of Australia's extraordinary biodiversity.

**Must-Visit Stops and Day Trip Options...** If you're planning a day trip, you're spoiled for choice. Several destinations along the Cape Leveque Road are open to visitors, including Middle Lagoon, Beagle Bay, Lombadina, Cygnet Bay, and Ardyaloon. Entry fees may apply, and it's essential to register at community offices upon arrival. These offices also provide valuable local information and updates on restrictions.

For those planning an extended stay, the peninsula offers a variety of accommodation options, from eco-retreats to campgrounds. Here's a guide to some of the best spots:

**Banana Well Getaway...** Located just over halfway up the road, this off-grid ecofriendly bush campground offers shaded, grassed sites and air-conditioned cabins. Perfect for fishing, crabbing, and bushwalking, Banana Well is dog-friendly and open year-round. Cool off in the artesian springwater dip pool before continuing your journey.

**Beagle Bay and the Sacred Heart Church...** Famous for its mother-of-pearl-encrusted altar, the Sacred Heart Church is a must-see cultural and historical site. Open from March to October, it's a serene stop steeped in heritage. Kimberley Cultural Adventures offers a guided Aboriginal Cultural Tour from Broome to Beagle Bay return.

**Pender Bay and the Adventure track...** One of the most exciting tracks off Cape Leveque Road is the track to Pender Bay. It takes you through varying terrain from corrugations to soft sand. Deflate your tyres and take it slow.

**Middle Lagoon (Nature's Hideaway)**... A highlight for campers, Middle Lagoon boasts large camping areas with both powered and unpowered sites overlooking the turquoise waters of White Beach Bay. Day visitors are welcome.

**Gnylmarung Retreat...** For those seeking peace and solitude of a secluded cove on Beagle Bay, this retreat offers unpowered sites with ocean views complete with a boat ramp and fish cleaning facilities.

**Mercedes Cove Exclusive Eco Retreat...** A secluded paradise, Mercedes Cove features eco-tents, cabins, and a two-bedroom chalet with uninterrupted ocean views. It's an ideal spot for swimming, snorkelling, and fishing.

**At Pender Bay Escape...** You will find some of the best shore-based whale watching in the region from July to October. Powered and unpowered sites available.

Smithy's Seaside Adventures offers beachfront camping with over 200 meters of pristine coastline to explore.

**Goobaragin by the Bay...** provides an intimate, boutique experience with just a few eco-tents and campsites nestled in a secluded bay.

Back to the bitumen to the Northern Tip: Cultural and Coastal Treasures... Continuing north, you'll reach the **Djarindjin Roadhouse and Campgrounds**, a convenient base for larger caravans and RVs. With modern amenities, fuel, and a general store. Djarindjin is also the departure point for cultural tours like Brian Lee Tagalong Tours, Bundy's Cultural Tours, and Trevor's Traditional Tours, which offer authentic insights into the region's Aboriginal heritage.

**Lombadina** welcomes visitors with its old Mission Church, comfortable accommodations, and stunning beaches.

Finally, at the northern tip of the peninsula lies **Cygnet Bay Pearl Farm**, a hub for both luxury and adventure. Indulge in pearl appreciation tours or embark on thrilling water experiences, including the Giant Tides, Waterfall Reef & Island explorer tours. Don't miss cultural experiences like Terry Hunter's Coast to Creek Tours or Rosanna Angus' Oolin Sunday Island Tours and Horizontal Falls Seaplane Adventures. Launch or hire boats.

**The Return Journey...** As your journey comes full circle, you'll have the opportunity to revisit any missed stops and revisit favourite spots.

And for those not wishing to take the journey themselves, Australian Pinnacle Tours can take you there on a full day. Think \$290pp for 12 Hours.

The ultimate experience is to enjoy an Air Kimberley scenic flight, getting a birds eye view of Dampier Peninsula, King Sound, Horizontal Falls and Buccaneer Archipelago to Ardyaloon. Visit Cygnet Bay Pearl Farm, Ardyaloon Hatchery before flying back to Broome along the western coastline of the Dampier Peninsula, to a setting sun. Think \$800pp for 6.5 Hours.

*For now, it remains one of Broome's best-kept secrets – but with its spectacular coastline, rich biodiversity, and welcoming communities, it won't stay a secret for long. Whether you're seeking relaxation, adventure, or a deeper connection to the land, the Dampier Peninsula is a destination you'll never forget.*
