STAIRCASE TO THE MOON

An unforgettable natural phenomenon occurring from March to October each year. Spawned from the brilliant amber glow on the horizon of the slowly rising full moon as its beam reflects across the recently exposed wet rippled tidal flats on ebb of Broome's massive Spring tides. The combination and timing of these two natural events creates an optical illusion of a widening golden staircase that leads all the way from Town Beach foreshore to the moon.

A very warm welcome to Broome...

You now sit upon a barely 15km-long peninsula that juts into the Indian Ocean. On the western edge of the Broome peninsula lies the Indian Ocean and the 22.2km sweep of pristine Cable Beach, with many more untouched stretches north and south. To the east, the protected waters of the Roebuck Bay Marine Park cradle the revitalised Town Beach and its foreshore, and both sides of the peninsula meet at the iconic Gantheaume Point.

Situated just below the equator between the Tropic of Capricorn and the Tropic of Cancer – smack dab in the heart of the tropical zone – Broome enjoys warm weather all year round, with an average minimum of 21°C and an average maximum of 32°C. Generally, the tropics have two seasons: the "Dry Season" (April–November) and the "Tropical Wet Season" (December – March). However for the local Yawuru people, it's six (6) seasons they observe which is not so much fixed in time but rather visual environmental changes in both flora and fauna.

Gazetted in 1883, Broome began as a shanty town of sandhill camps and humble shacks servicing the Pearl Luggers and their crews. Drawn here by the booming pearling industry, people from dozens of nations made Broome their home, creating the eclectic cultural mix and relaxed, island-style atmosphere that defines the town today.

Broome is globally recognised as the home of the world's finest cultured pearls, grown right here in our pristine waters. You can view the world's largest fine-quality round pearl – the 22.24mm Australian Pearl – at Cygnet Bay Pearls on Dampier Terrace in Chinatown, just a two-minute walk from the historic Streeter Jetty. Continue to the top of the street and climb the Roebuck Bay lookout for uninterrupted 180-degree views over Roebuck Bay, Dampier Creek, and the shoreline once home to 400 Pearl Luggers. Wander through rows of deck chairs at Sun Pictures, the world's oldest operating picture garden (est. 1903), now 123 years old and showing movies every night.

But keep an eye out for vehicles when crossing the road in Chinatown, foot traffic gives way to cars!

While in Broome, you are truly spoilt for choice. Explore the town's highlights on a Town Tour or head deeper into the Kimberley on full-day or extended safaris up the Dampier Peninsula or even remoter deep into the West Kimberley. Choose from world-class reef, creek and game fishing charters; eco, sunset, whale watching cruises; cultural and Indigenous experiences; or the most iconic of all – a Pearl Farm Tour.

Nature also gifts you Broome's free daily spectacles: sublime sunsets over Cable Beach and Gantheaume Point, stimulating sunrises over Roebuck Bay, the mesmerising Staircase to the Moon, crystal-clear night skies, and wonderfully rich, pristine waters. Broome's art galleries, public art, library, parks and playgrounds are all free to enjoy. The Broome Museum is highly recommended for those wishing to dive deeper into the town's remarkable history for a nominal entry.

Broome stands proudly as the gateway to the unspoilt Dampier Peninsula, the epic gorges and 4WD adventures of the Gibb River Road, and the majestic Kimberley coastline scattered with the 1000+ islands of the Buccaneer Archipelago—one of the world's last great untouched wilderness regions. Daily half- and full-day scenic flights depart from Broome to breathtaking Kimberley coastal destinations, including the world's 8th natural wonder, Horizontal Falls.

So, slip into Kimberley Casual and relax, create your own piece of Broome-Time – and the warm memories that come with it. All who wander here belong and you're always guaranteed a warm welcome here in Broome.

Broome's best kept secretContinued from back page

Back to the bitumen to the Northern Tip: Cultural and Coastal Treasures... Continuing north, you'll reach the **Djarindjin Roadhouse and Campgrounds**, a convenient base for larger caravans and RVs. With modern amenities, fuel, and a general store. Djarindjin is also the departure point for cultural tours like Brian Lee Tagalong Tours, Bundy's Cultural Tours, and Trevor's Traditional Tours, which offer authentic insights into the region's Aboriginal heritage.

Lombadina welcomes visitors with its old Mission Church, comfortable accommodations, and stunning beaches.

Finally, at the northern tip of the peninsula lies **Cygnet Bay Pearl Farm**, a hub for both luxury and adventure. Indulge in pearl appreciation tours or embark on thrilling water experiences, including the Giant Tides, Waterfall Reef & Island explorer tours. Don't miss cultural experiences like Terry Hunter's Coast to Creek Tours or Rosanna Angus' Oolin Sunday Island Tours and Horizontal Falls Seaplane Adventures. Launch or hire boats.

The Return Journey... As your journey comes full circle, you'll have the opportunity to revisit any missed stops and revisit favourite spots.

And for those not wishing to take the journey independently both Broome & Around and Australian Pinnacle Tours offer full day excursions.

The ultimate experience is to enjoy an Air Kimberley scenic flight, getting a birds eye view of Dampier Peninsula, King Sound, Horizontal Falls and Buccaneer Archipelago to Ardyaloon. Visit Cygnet Bay Pearl Farm, Ardyaloon Hatchery before flying back to Broome along the western coastline of the Dampier Peninsula, to a setting sun.

For now, it remains one of Broome's best-kept secrets – but with its spectacular coastline, rich biodiversity, and welcoming communities, it won't stay a secret for long. Whether you're seeking relaxation, adventure, or a deeper connection to the land, the Dampier Peninsula is a destination you'll never forget.

2026 Broome Turf Club Horse Racing Season

Broome Turf Club 2026 seasons nine-meet racing calendar saddles up on May 23 for Race Day 1. This picturesque dirt track perched out on the tip of the Broome peninsula hosts afternoon meetings with a strong social element and once the days racing is done you can stay on track for live Bands and Two Up once the sun sets.

2026 RACE DATES

- Race Day One - Saturday, 23 May
- Race Day Two - Saturday, 6 June
- Race Day Three - Saturday, 13 June
- Race Day Four - Family Day - Sunday, 28 June
- Race Day Five - Saturday, 11 July
- Race Day Six - Tradies Day - Friday, 24 July
- Race Day Seven - Kimberley Cup - Saturday, 1 August
- Race Day Eight - Ladies Day - Tuesday, 11 August
- Race Day Nine - Broome Cup - Saturday, 15 August

Please, Look before you Book!

When planning your Broome adventure, booking directly with local businesses ensures your money supports the community. Many online platforms charge high commissions, meaning less revenue stays in the region. By booking accommodation, tours, or activities directly, you'll often enjoy better customer service, exclusive offers, and peace of mind knowing you're helping local operators thrive. Visit trusted websites like Destination Broome to find verified options and make bookings hassle-free. Together, we can keep Broome's economy strong while you enjoy the holiday of a lifetime. So, before you book, take a moment to look. Look Local – it makes all the difference!

Eating Out in Broome

Broome's vibrant dining scene is a feast for the senses, reflecting the town's multicultural heritage and tropical location. Fresh seafood is a highlight – don't miss barramundi, mud crab, or local pearl meat. From beachfront cafes at Cable Beach to the lively restaurants in Chinatown, there's something for every taste. Enjoy Asian-inspired flavors, bush tucker delicacies, or sip a locally brewed mango beer under the stars. Food trucks and night markets offer quick, delicious bites, while fine dining options showcase the best of Broome's fresh, seasonal produce. Eating out in Broome is more than a meal – it's a celebration of flavours and culture.

On Broome side of the Peninsula we highly recommend Matso's Broome Brewery and if your on Cable Beach side then you can go past Cable Beach House with sweeping views of Cable Beach.

Discover Broome's Vibrant Markets

The Broome Courthouse Markets are a must, held year-round every Saturday and Sunday mornings, April to October, in the lush grounds and surrounds of the historic Broome Courthouse on the outskirts of Chinatown. Explore local art, crafts, jewellery, fashion, fresh produce, and delicious food stalls that capture Broome's vibrant community spirit and eclectic cultural mix. 8am - 1pm

Don't miss the Staircase to the Moon Night Markets, held at Town Beach during full moon evening from March to October. This market coincides with the natural phenomenon of the "Staircase to the Moon," offering unique handmade items, tasty treats, and live entertainment. 4-8pm

Finally, Thursday Night Town Beach Markets, April to October, at Town Beach, offering unique handmade items, tasty treats, and live entertainment. 4-8pm.

Explore the Dampier Peninsula

Just north of Broome lies the stunning Dampier Peninsula, a haven of natural beauty and rich cultural heritage. Still the "Kimberley's Best Kept Secret," this remote paradise boasts pristine beaches, turquoise waters, and striking red cliffs. Discover the vibrant Aboriginal communities, where you can learn about ancient traditions, try bush tucker, or witness the age old Riji Art. Visit Cygnet Bay Pearl Farm, Australia's oldest operating pearl farm, or unwind at Cape Leveque's serene beaches. Whether you're fishing, camping, or immersing yourself in Indigenous culture, the Dampier Peninsula offers an unforgettable adventure in one of Western Australia's most breathtaking regions.

THE CAPE LEVEQUE ROAD – DAMPIER PENINSULA

Broome's Best Kept Secret:

Exploring Dampier Peninsula's Cape Leveque Road

For those with a sense of adventure and an appreciation for unspoiled natural beauty, the Cape Leveque Road offers a journey into the heart of Western Australia's rugged Dampier Peninsula. Once a challenging off-road route, this 205-kilometre road is now fully sealed, providing a smoother and quieter ride to explore this remote region. However, the true allure lies in the pindan dirt tracks that branch off along the way, leading to unspoiled secluded bays, pristine beaches, and cultural communities and treasures.

Preparing for the Adventure

... Before setting off on this epic experience, there are a few essential rules to keep in mind. A 4WD vehicle is highly recommended, as many of the dirt tracks are unsuitable for standard cars. Travel is only permitted on designated roads, and free camping is prohibited, so be sure to book accommodation or campsites in advance. Take photos, leave footprints, and capture memories.

Wildlife and Scenery Along the Road... The first hour of the drive is an uninterrupted stretch of bitumen, where the vibrant red pindan dirt contrasts strikingly with the native flora. Be vigilant for roaming cattle and donkeys, as well as wildlife like wallabies, dingoes, goannas, and lizards. Bird enthusiasts will delight in spotting brolgas, hawks, osprey, eagles, and another 300+ species of birds. The Cape Leveque Road isn't just a path to your destination – it's a wildlife corridor offering glimpses of Australia's extraordinary biodiversity.

Must-Visit Stops and Day Trip Options... If you're planning a day trip, you're spoiled for choice. Several destinations along the Cape Leveque Road are open to visitors, including Middle Lagoon, Beagle Bay, Lombadina, Cygnet Bay, and Ardyaloon. Entry fees may apply, and it's essential to register at community offices upon arrival. These offices also provide valuable local information and updates on restrictions.

For those planning an extended stay, the peninsula offers a variety of accommodation options, from eco-retreats to campgrounds. Here's a guide to some of the best spots:

Banana Well Getaway... Located just over halfway up the road, this off-grid ecofriendly bush campground offers shaded, grassed sites and air-conditioned cabins. Perfect for fishing, crabbing, and bushwalking, Banana Well is dog-friendly and open year-round. Cool off in the artesian springwater dip pool before continuing your journey.

Beagle Bay and the Sacred Heart Church... Famous for its mother-of-pearl-encrusted altar, the Sacred Heart Church is a must-see cultural and historical site. Open from March to October, it's a serene stop steeped in heritage. Kimberley Cultural Adventures offers a guided Aboriginal Cultural Tour from Broome to Beagle Bay return.

Pender Bay and the Adventure track... One of the most exciting tracks off Cape Leveque Road is the track to Pender Bay. It takes you through varying terrain from corrugations to soft sand. Deflate your tyres and take it slow.

Middle Lagoon (Nature's Hideaway)... A highlight for campers, Middle Lagoon boasts large camping areas with both powered and unpowered sites overlooking the turquoise waters of White Beach Bay. Day visitors are welcome.

Gnylmarung Retreat... For those seeking peace and solitude of a secluded cove on Beagle Bay, this retreat offers unpowered sites with ocean views complete with a boat ramp and fish cleaning facilities.

Mercedes Cove Exclusive Eco Retreat... A secluded paradise, Mercedes Cove features eco-tents, cabins, and a two-bedroom chalet with uninterrupted ocean views. It's an ideal spot for swimming, snorkelling, and fishing.

At Pender Bay Escape... You will find some of the best shore-based whale watching in the region from July to October. Powered and unpowered sites available.

Smithy's Seaside Adventures offers beachfront camping with over 200 meters of pristine coastline to explore.

Goobaragin by the Bay... provides an intimate, boutique experience with just a few eco-tents and campsites nestled in a secluded bay.

Immerse yourself in the story of the Australian Pearl with a day trip or overnight stay. Just two hours north of Broome. Packages with pick up from Broome available.

Your guide to
PEARLS OF AUSTRALIA

The
Quality
of a pearl

The visible virtues

The quality of a pearl is determined by five visible virtues. These features are easily identifiable and typically used to value pearls by pearl connoisseurs worldwide.

1. Lustre

2. Surface

3. Shape

4. Size

5. Colour

The invisible virtues

In today's pearl market, the invisible virtues of a pearl are important to consumers. These include transparency around the source of origin, details of the journey from the pearl oyster from the farm, right through to market, the disclosure of any chemical treatment or enhancement, and the sustainability and ethical practices of everyone involved.

Pearls of Australia, in partnership with Provenance Proof, now offer blockchain enhanced disclosure of these virtues in a world-first for pearls.

We are deeply committed to transparency, understanding and disclosing every visible and invisible virtue through education and experience.

Every
Pearl
has a Story

Immerse yourself

After generations of farming the world's finest pearls, we've come to learn first-hand through tireless efforts, that every pearl has a story. Join our experts at Cygnet Bay Pearl Farm and on our Broome experiences as we guide you through the story of the Australian pearl from Indigenous beginnings to our modern-day farms, and learn all about the iconic industry that built Broome.

Supporting local

Although Broome is known for pearls, there are only a couple of farms left in the region. Cygnet Bay Pearl Farm has been in pearling for over 77 years and is a third generation family-run business. A Broome pearl today, is a rare gem on the global market. We only sell the pearls we grow – and that's our promise to you.

The sustainable gem

Pearls are the only rare and precious gem on the planet today born within a living organism – the oyster. Pearling provides multiple services to the surrounding ecosystem and communities. This includes employment, education and empowerment for people, and extends to the protection of mangroves, seagrass and salt-marsh, the most efficient carbon sequestration substrates (Blue Carbon sinks) on the planet.
